### 83MAR/45 Facts Sheet

The 83MAR/45 "Mariner" Padlock has been specifically developed for outdoor conditions. The special "pearl chrome" plating provides superior corrosion protection.

**Features include:**

- Solid machined brass body, with pearl chrome plating
- Double ball locking
- Stainless steel shackle
- Removable cylinder assembly for quick rekeying
- Pearl chrome plated cylinder
- Quick change shackle feature
- Patented Z-bar for conversion to key-retaining function
- Compatible with most restricted keying systems available, including Lockwood, Bilock, Kaba and Yale keying systems

The standard shackle is a 25mm stainless steel shackle, with five other lengths available:

- 19mm
- 38mm
- 50mm
- 75mm
- 100mm

The Mariner is also available complete with a weather cover, providing protection for the keyway from dirt and mud.

Code	Description
83MAR45KD	ABUS padlock, 83MAR/45, keyed to differ
83MAR45WCKD	ABUS padlock, 83MAR/45, keyed to differ, with weather cover
